2 YEARS FOR NEELY

ELMO DOCTOR GETS PENITENTIARY SENTENCE FOR BIGAMY.

SUPRISE AT SENTENCE

After Pleading Guilty to Charge He Looked for Fine and Jail Sentence —Petitions to Be Circulated.

Dr. J. E. Neely of Elmo was sentenced to two years in the state penitentiary at Jefferson City in circuit court on Wednesday afternoon, after pleading guilty to a charge of bigamy. He was ordered to be taken in care of Sheriff Wallace and sent to the pen within the next few days. He spent his first night in the county jail Wednesday night.

Dr. Neely was somewhat surprised at the heavy sentence he received, as he had expected to get a heavy fine and a jail sentence and be paroled as to the jail sentence. But as he stated to a reporter of this paper, he will now have to serve out the term in the penitentiary.

The two sons of Dr. Neely, Thomas and George E. Neely, of Calhoun were in attendance at the time Neely was sentenced. It is said that the boys did not call on their father. The younger boy is 18 years old.

Dr. Neely, who has been a resident of Nodaway county for the past two years, was married for the first time in Maries county, Missouri, on March 31, 1892. Later they moved to Calhoun, Henry county, Mo., and a few years ago they saparated. Dr. Neely married again on June 8, 1912, to Miss Bess K. Williams. The marriage took place in Maryville.

Attorney John M. Dawson made a plea for Neely, stating that the defendant was under the impression that a divorce had been granted to Mrs. Neely before he married a second time.

Dr. Neely addressed the court, and said that he was facing his first charge and had never been indicted in any court before. He presented to the court the clipping from the Clinton county paper in which it says: "Nora A. Neely vs. Jas. E. Neely, divorce, alias writ to any county in state."

Then D. Neely said:

"As she obtained temporary alimony in the sum of $3,000, and, according to the clipping, she has obtained her divorce. It says so in the paper. Not exactly in those words, but the word alias gave her the right to claim anything in this county or any county in the state and to take anything she may find to finish satisfying that judgment.

"I was puzzled by the word alias in the article, and on looking it up found that it meant a second writ or execution issued when the first has failed of effect.

"I then felt perfectly free and at liberty to take any contract that I might see fit, supposing that she had no more claims upon me.

"After the second marriage was consummated I found out that I had the wrong impression from what I had at first gathered from the article. However, I did not know this until my former wife had me arrested for wife abandonment. I advised with Prosecuting Attorney Wright in regard to the matter, and told him that I had violated the law unintentionally. Mr. Wright advised me."

At this point in the case Dr. Neely handed the court a letter he received from Mr. Wright. The court said that the letter was an amiable one, but that nothing of importance was contained. Then the court, in delivering the sentence, told the defendant that he was a man of some intelligence and judgment, and if he didn't know what the word alias meant he could find out very easily by sending a telegram or telephoning to Henry county to find out about the matter before the second marriage was performed. Then the court also added after the doctor was married a second time, the defendant took a number of joy rides with his second wife and did not seem worrying or horrified.

Petitions will be circulated in Elmo, Conception Junction and other places in the county for the parole of Dr. Neely. When Neely first came to the county he located in the county at Conception Junction, and after several months he went to Elmo, where he has been for a year or more.

DUNCAN W. PECK.

His Testimony a Blow To Sulzer, Who Will Try To Disprove New Charges.

Attorneys for William Sulzer are planning to bring out testimony in the impeachment trial that will counteract that given by Duncan W. Peck, who swore that the governor suggested to him that he commit perjury when called by the prosecution and asked to tell of his $600 campaign contribution. It was said that an effort would be made to connect Mr. Peck with an alleged system with which canal employees have been forced to give up a portion of their pay under the guise of campaign contributions. Peck has control over the state's canals.

THREE BIG DAYS

FALL FESTIVAL NEXT WEEK WILL BE BIGGEST EVER.

TWO FLIGHTS EACH DAY

Horse and Mule Show Wednesday and Thursday—Several Free Attractions to Entertain People.

All arrangements are now practically made for the Maryville fall festival, on Wednesday, Thursday and Friday, October 8, 9 to 10. The affair is in charge of the Maryville Commercial club, and it will be the best entertainment yet put on in this city.

The main feature of the three days will be the aeroplane flights by Roy Francis and the parachute leap by Sky High Irving. There will be two flights each day of the festival, one in the morning and one in the afternoon. The grounds where the flights will take place have not been secured, but it is thought it will be on the Normal grounds. This feature alone will be well worth coming to Maryville to see.

The horse and mule show will be given on Wednesday and Thursday, and already a large number of entries are being received. It promises to be the best show ever given in the city.

In addition to these features, there will be several free attractions. Harry Rich will put on a most sensational and daring act on a trapeze in the afternoon and evening of the three days. His trapeze will be put on the tallest building in the city. Then another free attraction will be the Alveredo's performing goats, consisting of ladder stunts, wire walking and other acrobatic stunts. There will be band music by the Maryville band.

The biggest day of the festival promises to be Friday. This day is known as Pathe weekly day. A parade of all of the school children in the city, as well as the school children from many of the rural schools and other towns in the county will be the feature. Efforts are being made to get 5,000 children in the parade. Pictures of the parade and also other entertaining attractions on that day will be taken by the motion picture machines to be used by the Pathe company in the picture theaters all over the country.

Angell comedians, with the famous Chicago Ladies' orchestra of fifteen pieces will be the leading show for the week. They will be located on the lot across from Robey's garage. The show is one of the cleanest on the road and is highly recommended. They will open their engagement here on Monday night. During the festival they will give afternoon and evening performances. In addition to this show there will be matinees and evening performances at the three moving picture theaters in the city.

The various committees appointed are as follows:

NO RECOMMENDATION MADE.

J. H. Sayler, Who Investigated Matter of Owls' Petition for Incorporation, Submits Unfavorable Report.

J. H. Sayler, the attorney to investigate the application of the Owls lodge of this city for a decree of incorporation, made his report to the circuit court but does not recommend whether the application should be approved or rejected.

Part of the report follows:

The foundation principles of the lodge are good, and especially the benevolent feature. Their educational features are not very extensive. They have a few newspapers and possibly a small amount of other reading matter.

For their entertainment some of the features they have a billiard table, pool table and permit games of cards and similar amusements.

Occasionally a banquet is served, at which times they usually permit beer to be served as a beverage for those who want to partake, but it is not permitted to be sold nor do they allow intoxicating liquors to be brought in by individuals and drank in the lodge room.

Some of our prominent and best citizens of the city are members of the order, while others have been. They claim to furnish amusements and entertainments for a class of people that, for want or lack of other suitable places to go, would be found frequenting and loafing in the saloons and spending their money that should be used for the support of their families. Much of the above is very commendable, and I think comes within the purview of the statute. But there is one feature or class of entertainments which it is their declared intention to promote, and which seems to be their principal reason for wanting to incorporate, of which I am very much in doubt as to whether it is such an entertainment as was contemplated by our lawmakers when the statute was enacted, that is the avowed intention to promote, wrestling and boxing matches or bouts within the lodge room for the members of the lodge only, no others to be admitted, and, as I understand, no admission fee is to be charged members.

The Revisted Statutes, section 4681, makes wrestling or boxing exhibitions in public a misdemeanor.

SPECIAL POULTRY SHIPMENT.

Enis Brothers at Clyde Shipped Over $800 Worth of Chickens to St. Joseph Wednesday.

Enis Brothers of Clyde shipped on Wednesday to Swift & Co., at St. Joseph, a half car load of chickens for which they paid the poultry raisers of that community $858.83. This firm offers a special price at stated times of a half cent or a cent above market price, for poultry, which has resulted in the farmers of that community bringing in such a fine grade of chickens that the Swift company has asked the Clyde firm to make special buying days for them at special prices. This has proved a big inducement to poultry raisers and the business is becoming more and more profitable to them, because they are finding it pays to raise a better grade of poultry. Wednesday's shipment was almost entirely of Plymouth Rocks and Rhode Island Reds.

For the year 1912 the poultry shipments from Clyde amounted to $10,000.

It is said he used the name of George H. Swaney of Pickering to the checks which were written on the First National bank of this city.

Livasy will be held at St. Joseph and will be brought to Maryville later on. He is well known in the Pickering community, where he has been residing.

THREE OUT FOR STATE JUDGE.

Many Democrats Are Candidates for Supreme Judge to Succeed Judge Lamm.

Three Democratic lawyers are candidates for supreme judge to succeed Judge Henry Lamm, Republican, whose term expires December 31, 1914. These candidates are James T. Blair, now a supreme court commissioner; Thomas J. Seehorn of Kansas City, former circuit judge, and Perry S. Rader, who has served during the past twenty years as supreme court reporter.

Rader and Seehorn are avowed candidates, but Blair has not yet announced his candidacy.

Judge Lamm, it is understood, will be a candidate to succeed himself. So far no other Republican has been suggested for the nomination, and the general impression is that Judge Lamm may be unopposed for the nomination of his party. He was elected in 1904.

HAD A GOOD YEAR.

The Colored A. M. E. church Closed Their Year Last Sunday—Took in $798.59 During the Year.

Last Sunday was the closing Sunday of the conference year for the A. M. E. church of this city. The year has been a very good one and the church has grown. There are now thirty-six members and $798.59 was taken in during that time.

Rev. J. R. Carter closes his eighth year as pastor of the church and is now in attendance at conference at Glasgow, Mo. The members are urging that he be sent back here, and it is thought that he will.

The colored people are very thankful for what has been done for their church by Rev. Gilbert S. Cox and Rev. J. D. Randolph and other people of this city.

COMPLETED THEIR WORK.

Work of Photographing County Records From 1845 Up to the Present Time Finished Today.

The Gillam-Jackson Loan and Trust company, who have been photographing the records of the county recorder's office for the new set of abstract books that is being made for this firm, completed their work yesterday. The work was done by the photo-stat machine under the operation of Clun Price.

The records from 1845, when the county was first organized, up to the present time, were photographed. They make 180 volumes, with 640 pages in each volume. The highest record made in one day by the machine was 1,700 prints. It took them three months to do the work.

The loan company now has a force of several people doing the indexing, and within a short time will have the abstracting records complete.

SHOULD LICENSE THE DRIVER.

R. B. Luce of Hopkins Favors an Examination for Persons Before Auto Licenses Are Given.

R. B. Luce of Hopkins advances an idea, being to license the drivers of automobiles instead of licensing the machines. The following is what the Hopkins Journal says about it:

An auto standing idle was never known to cause a serious accident—it is the reckless and incompetent drivers who are to blame.

Under the present law a man buys a machine and applies for and in due time gets a license for said machine by paying into the state treasury a few dollars. He is at liberty then to let Tom, Dick and Harry drive the car, thus endangering the life and limb of his fellow men, providing, of course, Tom, Dick and Harry are incompetent, as is too often the case.

If Mr. Luce had his way a person would have to pass an examination the same as those who take examinations to teach school and for other vocations, and if incompetent physically, mentally or morally to drive, the license would be refused. The more you think about the matter, the more you will feel that Mr. Luce advances a theory that will be a safeguard to a long suffering public.

HOBO KING ATTENDS DETROIT ROAD MEET

Head of Itinerant Workers' Union is Seated as Delegate.

Detroit, Oct. 2.—Technical discussion occupied the greater part of the sessions of the American Road congress. The subjects ranged from the selection of road material to the financial side of the question.

The discussion was interrupted by the entrance of a man, who shouted:

"I am the hobo king of America, and who is more interested in good roads than the hoboes? I ask to be seated in this congress as a delegate."

It developed that the speaker was C. Jeff Davis, president of the International Itinerant Workers' union, and he was given a seat in the convention and proper credentials.

"I've just come in on the blind baggage from Indianapolis," explained Davis. "I am interested in good roads as is every hobo. Don't confuse hoboes with tramps, who disgrace our profession. The hobo wants work and is idle through no fault of his own. There are 300,000 hoboes in this country and we want good roads so it will be easier for us to find work."

Auto Is Menace to Church.

Trenton, Mo., Oct. 2.—In an address on "A Man's Job in the Church" before the ninety-sixth session of the annual Methodist Episcopal conference of Missouri here, Dr. F. E. Day, pastor of White's temple, St. Joseph, declared the automobile challenges the genius of the disciples of Christ and puts difficulties in the way of the church. It took the church a decade to awake to the fact that the bicycle was its enemy.

YOUNG MEN SOMETIMES ASK: "WHO MAKES THE STYLES?" Answer's simple—the young men themselves. The young fellows in the universities—both in America and England—they're the ones whose ideas are followed. And this season they've chosen wisely—the styles are smart and individual—finer than we've ever seen them—you'll like the young men's clothes at $10, $15, $18, $20 and $25.

You may start an account in our Savings Department with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world and think what it means.

The Savings Department of the Nodaway Valley Bank opened for business on

GARBAGE WAR IN CHICAGO

City Council Hits Upon Plan for Garbage Disposal.

Chicago, Oct. 2.—An emergency measure to provide for disposing of the city's garbage, accumulating at the rate of 700 tons a day, was passed by the city council. Collection of the city's refuse stopped Tuesday, when the city refused to take over the plant of the Chicago Reduction company at the company's price.

The relief measure was the plan of Mayor Harrison and provides for the purchase of land on the northwest side where garbage will be disposed of by means of chemicals. The ordinance carried an appropriation of $225,000 for the purchase of the property.

Health Commissioner Young declared that a temporary plant would be in operation within a few days and that there was no danger that the city's health would suffer in the meantime.

SENATE CAUCUS APPROVES BILL

Decides to Abandon Position on Cotton Futures Tax.

SIX AGAINST ENDORSEMENT.

Reed and Pomerene Frame Resolution Directing That Agreement Be Sent Back to Committee, but Substitute to O. K. Carries.

Washington, Oct. 2.—Disaffection among Democratic senators, which prevented final action on the tariff bill, was dissipated under the influence of a heated caucus discussion, and the caucus approved the bill as reported by the conference committee of the house and senate. But six Democrats voted against approving the report.

The caucus decided to abandon its position on the bill to tax dealings in cotton futures and to leave the entire subject for later legislative action. Both the amendment of Senator Clark of Alabama, written into the bill by the senate, and the less drastic administration substitute adopted by the house, will be thrown out by the senate Democrats.

After the caucus Senator Simmons said he was confident that the senate would complete its consideration of the tariff bill today. He said a motion would be made first to agree to the conference report and that then he would move to disagree to the Underwood cotton tax amendment, and also to recede from the senate amendment. With the bill thus disposed of by the senate, the house probably would agree to drop the cotton futures tax provision for the present.

Sure None Will Desert.

Chairman Simmons expressed confidence there would be no desertions from the Democrats who voted for the bill on its original passage in the senate when the measure appears today. A resolution proposing to bind the Democrats by the caucus was offered by Senator Lewis of Illinois, but was withdrawn, with the understanding that the binding nature of former tariff caucuses applied to the entire consideration of the tariff bill.

While Senator Simmons expects to finish the bill today, the desire of the Republican and Democratic senators to discuss the provisions of the conference report may delay final action. The caucus battled long and loud over various provisions in the bill arranged by the tariff committee. Chief among these were the tax of $1.10 a gallon on grape brandy used to fortify sweet wines, against which Senator Pomerene of Ohio voiced strenuous protests; the differential between wire rope and wire in completed cables, which, as fixed by the conference, aroused the opposition of Senators Reed of Missouri and Hughes of New Jersey, and the arrangement of a paragraph including cast iron pipe.

Substitute Motion Carries.

Senators Reed and Pomerene framed a resolution directing that the conference report be sent back to the conference committee, with instructions to alter these provisions. Senator Simmons, in charge of the bill, moved as a substitute that the conference report be accepted. His motion was carried by a vote of 33 to 6. Senators Reed, Pomerene, Vardaman, Hollis, O'Gorman and Hughes voted against it.

Senators who supported the Clarke amendment taxing cotton futures expressed strong opposition to the administration substitute and declared they would prefer to allow the entire matter to go over for special legislation rather than accept the Underwood proposition. This plan was finally adopted without a vote.

MILITANTS FIGHT POLICE

Suffragette Leaders Rearrested at London Headquarters.

London, Oct. 2.—A lively scrimmage between the police and the militant suffragists occurred when Miss Harriet Roberts Kerr and Mrs. Beatrice Saunders, secretary and treasurer of the Women's Social and Political union, were rearrested at their headquarters, under the provisions of the "cat and mouse act."

Mrs. Saunders is under sentence of fifteen months' imprisonment and Miss Kerr twelve months for conspiracy. They were liberated in June, after a "hunger strike."

The two women had resumed their duties for the first time since the raid on their offices last April. When the police arrived to arrest them the office staff assaulted the policemen. Four of the young women clerks were arrested for interfering with the police. One policeman's coat was torn to shreds.

Bryan Will Speak at Two Fairs.

Washington, Oct. 2.—Secretary Bryan went to Fairfax, Va., to speak at an agricultural fair. He will fulfill a similar engagement in Chase City, Va. Mr. Bryan appointed William F. Kelly, a Lincoln (Neb.) lawyer, as his confidential clerk, to succeed George G. Waite of Lincoln, resigned.

Football Player Dies of Injuries.

Minneapolis, Oct. 2.—Allen Weidman, a high school boy, whose spine was fractured while playing football Sept. 24, died at the home of his parents here. Young Weidman collided with another player.

Don't Know They Have Appendicitis.

Many Maryville people who have chronic appendicitis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. W. Jones, druggist, states if these people will try a single dose of simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the remedy which became famous by curing appendicitis, they will be surprised at the instant benefit. Druggist Shuff at Pickering reports great success there.—Advertisement.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR

Bring Back Its Gloss, Lustre, Charm and Get Rid of Dandruff—Try the Moist Cloth.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Advertisement.

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it *better* than any other stove polish you have *ever* used *before,* your dealer is authorized to refund your money. But we feel sure you will agree with the *thousands* of *other* up-to-date women who are now using Black Silk Stove Polish and who say it is the *"best stove polish ever made."*

2 YEARS FOR NEELY

ELMO DOCTOR GETS PENITENTIARY SENTENCE FOR BIGAMY.

SUPRISE AT SENTENCE

After Pleading Guilty to Charge He Looked for Fine and Jail Sentence —Petitions to Be Circulated.

Dr. J. E. Neely of Elmo was sentenced to two years in the state penitentiary at Jefferson City in circuit court on Wednesday afternoon, after pleading guilty to a charge of bigamy. He was ordered to be taken in care of Sheriff Wallace and sent to the pen within the next few days. He spent his first night in the county jail Wednesday night.

Dr. Neely was somewhat surprised at the heavy sentence he received, as he had expected to get a heavy fine and a jail sentence and be paroled as to the jail sentence. But as he stated to a reporter of this paper, he will now have to serve out the term in the penitentiary.

The two sons of Dr. Neely, Thomas and George E. Neely, of Calhoun were in attendance at the time Neely was sentenced. It is said that the boys did not call on their father. The younger boy is 18 years old.

Dr. Neely, who has been a resident of Nodaway county for the past two years, was married for the first time in Maries county, Missouri, on March 31, 1892. Later they moved to Calhoun, Henry county, Mo., and a few years ago they saparated. Dr. Neely married again on June 8, 1912, to Miss Bess K. Williams. The marriage took place in Maryville.

Attorney John M. Dawson made a plea for Neely, stating that the defendant was under the impression that a divorce had been granted to Mrs. Neely before he married a second time.

Dr. Neely addressed the court, and said that he was facing his first charge and had never been indicted in any court before. He presented to the court the clipping from the Clinton county paper in which it says: "Nora A. Neely vs. Jas. E. Neely, divorce, alias writ to any county in state."

Then D. Neely said:

"As she obtained temporary alimony in the sum of $3,000, and, according to the clipping, she has obtained her divorce. It says so in the paper. Not exactly in those words, but the word alias gave her the right to claim anything in this county or any county in the state and to take anything she may find to finish satisfying that judgment.

"I was puzzled by the word alias in the article, and on looking it up found that it meant a second writ or execution issued when the first has failed of effect.

"I then felt perfectly free and at liberty to take any contract that I might see fit, supposing that she had no more claims upon me.

"After the second marriage was consummated I found out that I had the wrong impression from what I had at first gathered from the article. However, I did not know this until my former wife had me arrested for wife abandonment. I advised with Prosecuting Attorney Wright in regard to the matter, and told him that I had violated the law unintentionally. Mr. Wright advised me."

At this point in the case Dr. Neely handed the court a letter he received from Mr. Wright. The court said that the letter was an amiable one, but that nothing of importance was contained. Then the court, in delivering the sentence, told the defendant that he was a man of some intelligence and judgment, and if he didn't know what the word alias meant he could find out very easily by sending a telegram or telephoning to Henry county to find out about the matter before the second marriage was performed. Then the court also added after the doctor was married a second time, the defendant took a number of joy rides with his second wife and did not seem worrying or horrified.

Petitions will be circulated in Elmo, Conception Junction and other places in the county for the parole of Dr. Neely. When Neely first came to the county he located in the county at Conception Junction, and after several months he went to Elmo, where he has been for a year or more.

Mrs. G. B. McArthur of Pickering visited in Maryville Wednesday and Thursday with Mrs. M. J. Honnold, coming to meet her sister-in-law, Mrs. F. W. Shultz of Ouray, Col., who came Wednesday to visit her sister, Mrs. Honnold.

DUNCAN W. PECK.

His Testimony a Blow To Sulzer, Who Will Try To Disprove New Charges.

Attorneys for William Sulzer are planning to bring out testimony in the impeachment trial that will counteract that given by Duncan W. Peck, who swore that the governor suggested to him that he commit perjury when called by the prosecution and asked to tell of his $600 campaign contribution. It was said that an effort would be made to connect Mr. Peck with an alleged system with which canal employees have been forced to give up a portion of their pay under the guise of campaign contributions. Peck has control over the state's canals.

THREE BIG DAYS

FALL FESTIVAL NEXT WEEK WILL BE BIGGEST EVER.

TWO FLIGHTS EACH DAY

Horse and Mule Show Wednesday and Thursday—Several Free Attractions to Entertain People.

All arrangements are now practically made for the Maryville fall festival, on Wednesday, Thursday and Friday, October 8, 9 to 10. The affair is in charge of the Maryville Commercial club, and it will be the best entertainment yet put on in this city.

The main feature of the three days will be the aeroplane flights by Roy Francis and the parachute leap by Sky High Irving. There will be two flights each day of the festival, one in the morning and one in the afternoon. The grounds where the flights will take place have not been secured, but it is thought it will be on the Normal grounds. This feature alone will be well worth coming to Maryville to see.

The horse and mule show will be given on Wednesday and Thursday, and already a large number of entries are being received. It promises to be the best show ever given in the city.

In addition to these features, there will be several free attractions. Harry Rich will put on a most sensational and daring act on a trapeze in the afternoon and evening of the three days. His trapeze will be put on the tallest building in the city. Then another free attraction will be the Alveredo's performing goats, consisting of ladder stunts, wire walking and other acrobatic stunts. There will be band music by the Maryville band.

The biggest day of the festival promises to be Friday. This day is known as Pathe weekly day. A parade of all of the school children in the city, as well as the school children from many of the rural schools and other towns in the county will be the feature. Efforts are being made to get 5,000 children in the parade. Pictures of the parade and also other entertaining attractions on that day will be taken by the motion picture machines to be used by the Pathe company in the picture theaters all over the country.

Angell comedians, with the famous Chicago Ladies' orchestra of fifteen pieces will be the leading show for the week. They will be located on the lot across from Robey's garage. The show is one of the cleanest on the road and is highly recommended. They will open their engagement here on Monday night. During the festival they will give afternoon and evening performances. In addition to this show there will be matinees and evening performances at the three moving picture theaters in the city.

The various committees appointed are as follows:

On conc ssions—F. P. Reuilliard and W. F. Phares.

NO RECOMMENDATION MADE.

J. H. Sayler, Who Investigated Matter of Owls' Petition for Incorporation, Submits Unfavorable Report.

J. H. Sayler, the attorney to investigate the application of the Owls lodge of this city for a decree of incorporation, made his report to the circuit court but does not recommend whether the application should be approved or rejected.

Part of the report follows:

The foundation principles of the lodge are good, and especially the benevolent feature. Their educational features are not very extensive. They have a few newspapers and possibly a small amount of other reading matter.

For their entertainment some of the features they have a billiard table, pool table and permit games of cards and similar amusements.

Occasionally a banquet is served, at which times they usually permit beer to be served as a beverage for those who want to partake, but it is not permitted to be sold nor do they allow intoxicating liquors to be brought in by individuals and drank in the lodge room.

Some of our prominent and best citizens of the city are members of the order, while others have been. They claim to furnish amusements and entertainments for a class of people that, for want or lack of other suitable places to go, would be found frequenting and loafing in the saloons and spending their money that should be used for the support of their families. Much of the above is very commendable, and I think comes within the purview of the statute. But there is one feature or class of entertainments which it is their declared intention to promote, and which seems to be their principal reason for wanting to incorporate, of which I am very much in doubt as to whether it is such an entertainment as was contemplated by our lawmakers when the statute was enacted, that is the avowed intention to promote, wrestling and boxing matches or bouts within the lodge room for the members of the lodge only, no others to be admitted, and, as I understand, no admission fee is to be charged members.

The Revised Statutes, section 4681, makes wrestling or boxing exhibitions in public a misdemeanor.

SPECIAL POULTRY SHIPMENT.

Enis Brothers at Clyde Shipped Over $800 Worth of Chickens to St. Joseph Wednesday.

Enis Brothers of Clyde shipped on Wednesday to Swift & Co., at St. Joseph, a half car load of chickens for which they paid the poultry raisers of that community $858.83. This firm offers a special price at stated times of a half cent or a cent above market price, for poultry, which has resulted in the farmers of that community bringing in such a fine grade of chickens that the Swift company has asked the Clyde firm to make special buying days for them at special prices. This has proved a big inducement to poultry raisers and the business is becoming more and more profitable to them, because they are finding it pays to raise a better grade of poultry. Wednesday's shipment was almost entirely of Plymouth Rocks and Rhode Island Reds.

For the year 1912 the poultry shipments from Clyde amounted to $10,000.

FORGERY CHARGE

R. L. LIVASY HELD IN ST. JOSEPH AS FORGER.

CHECKS ON G. H. SWEANY

Will Be Brought to Maryville—Got Into Trouble Through Bad Associates.

R. L. Livasy, 27 years old, a former Maryville boy, was arrested at St. Joseph Wednesday at the request of the Maryville authorities, who alleged that he forged checks to the amount of $600 or more. It is said he used the name of George H. Swaney of Pickering to the checks which were written on the First National bank of this city.

Livasy will be held at St. Joseph and will be brought to Maryville later on. He is well known in the Pickering community, where he has been residing.

It is said that the boy got in trouble by bad associates and used the money for gaming.

GIVEN SIX MONTHS IN JAIL.

E. E. New Sentenced to Jail After Pleading Guilty to Petit Larceny.

E. E. New, who was arrested last summer on a charge of stealing a motorcycle at Kansas City, pleaded guilty in court Thursday afternoon. The charge was changed from grand larceny to petit larceny. He was sentenced to six months in the county jail.

New, after taking the machine, came to Nodaway county and visited with relatives in Guilford and at Ravenwood, and the arrest was made at the latter place.

PETITIONS TO COME UP.

Before County Court on Next Tuesday and Those Who Circulated Them Urged to Be Present.

The petitions for the $200,000 road bond issue for bridges and roads in Nodaway county will come up before the county court on next Tuesday, and those who have circulated these petitions are requested to be sure and be in attendance at the court meeting. The matter will come up at 1 o'clock on that day. Before the court orders an election to vote on the proposition they would like to know whether it will carry, as they don't want to go to the expense of an election unless the issue is going to be adopted.

THREE OUT FOR STATE JUDGE.

Many Democrats Are Candidates for Supreme Judge to Succeed Judge Lamm.

Three Democratic lawyers are candidates for supreme judge to succeed Judge Henry Lamm, Republican, whose term expires December 31, 1914. These candidates are James T. Blair, now a supreme court commissioner; Thomas J. Seehorn of Kansas City, former circuit judge, and Perry S. Rader, who has served during the past twenty years as supreme court reporter.

Rader and Seehorn are avowed candidates, but Blair has not yet announced his candidacy.

Judge Lamm, it is understood, will be a candidate to succeed himself. So far no other Republican has been suggested for the nomination, and the general impression is that Judge Lamm may be unopposed for the nomination of his party. He was elected in 1904.

HAD A GOOD YEAR.

The Colored A. M. E. church Closed Their Year Last Sunday—Took in $798.59 During the Year.

Last Sunday was the closing Sunday of the conference year for the A. M. E. church of this city. The year has been a very good one and the church has grown. There are now thirty-six members and $798.59 was taken in during that time.

Rev. J. R. Carter closes his eighth year as pastor of the church and is now in attendance at conference at Glasgow, Mo. The members are urging that he be sent back here, and it is thought that he will.

The colored people are very thankful for what has been done for their church by Rev. Gilbert S. Cox and Rev. J. D. Randolph and other people of this city.

COMPLETED THEIR WORK.

Work of Photographing County Records From 1845 Up to the Present Time Finished Today.

The Gillam-Jackson Loan and Trust company, who have been photographing the records of the county recorder's office for the new set of abstract books that is being made for this firm, completed their work yesterday. The work was done by the photo-stat machine under the operation of Clun Price.

The records from 1845, when the county was first organized, up to the present time, were photographed. They make 180 volumes, with 640 pages in each volume. The highest record made in one day by the machine was 1,700 prints. It took them three months to do the work.

The loan company now has a force of several people doing the indexing, and within a short time will have the abstracting records complete.

SHOULD LICENSE THE DRIVER.

R. B. Luce of Hopkins Favors an Examination for Persons Before Auto Licenses Are Given.

R. B. Luce of Hopkins advances an idea, being to license the drivers of automobiles instead of licensing the machines. The following is what the Hopkins Journal says about it:

An auto standing idle was never known to cause a serious accident—it is the reckless and incompetent drivers who are to blame.

Under the present law a man buys a machine and applies for and in due time gets a license for said machine by paying into the state treasury a few dollars. He is at liberty then to let Tom, Dick and Harry drive the car, thus endangering the life and limb of his fellow men, providing, of course, Tom, Dick and Harry are incompetent, as is too often the case.

If Mr. Luce had his way a person would have to pass an examination the same as those who take examinations to teach school and for other vocations, and if incompetent physically, mentally or morally to drive, the license would be refused. The more you think about the matter, the more you will feel that Mr. Luce advances a theory that will be a safeguard to a long suffering public.

HOBO KING ATTENDS DETROIT ROAD MEET

Head of Itinerant Workers' Union is Seated as Delegate.

Detroit, Oct. 2.—Technical discussion occupied the greater part of the sessions of the American Road congress. The subjects ranged from the selection of road material to the financial side of the question.

The discussion was interrupted by the entrance of a man, who shouted:

"I am the hobo king of America, and who is more interested in good roads than the hoboes? I ask to be seated in this congress as a delegate."

It developed that the speaker was C. Jeff Davis, president of the International Itinerant Workers' union, and he was given a seat in the convention and proper credentials.

"I've just come in on the blind baggage from Indianapolis," explained Davis. "I am interested in good roads as is every hobo. Don't confuse hoboes with tramps, who disgrace our profession. The hobo wants work and is idle through no fault of his own. There are 300,000 hoboes in this country and we want good roads so it will be easier for us to find work."

Auto Is Menace to Church.

Trenton, Mo., Oct. 2.—In an address on "A Man's Job in the Church" before the ninety-sixth session of the annual Methodist Episcopal conference of Missouri here, Dr. F. E. Day, pastor of White's temple, St. Joseph, declared the automobile challenges the genius of the disciples of Christ and puts difficulties in the way of the church. It took the church a decade to awake to the fact that the bicycle was its enemy.

Was Taken to Asylum.

Sheriff Ed Wallace and Marshal E. C. Moberly went to Skidmore Thursday and brought back John Edwards, who, it is thought, is insane. Edwards arrived with his father in Skidmore on Wednesday morning on a visit to relatives in that community. He was in bad shape when he arrived. The man was taken to the asylum in St. Joseph this afternoon as a private patient. Edwards' home is in Indiana.

GARBAGE WAR IN CHICAGO

City Council Hits Upon Plan for Garbage Disposal.

Chicago, Oct. 2.—An emergency measure to provide for disposing of the city's garbage, accumulating at the rate of 700 tons a day, was passed by the city council. Collection of the city's refuse stopped Tuesday, when the city refused to take over the plant of the Chicago Reduction company at the company's price.

The relief measure was the plan of Mayor Harrison and provides for the purchase of land on the northwest side where garbage will be disposed of by means of chemicals. The ordinance carried an appropriation of $225,000 for the purchase of the property.

Health Commissioner Young declared that a temporary plant would be in operation within a few days and that there was no danger that the city's health would suffer in the mean time.

SENATE CAUCUS APPROVES BILL

Decides to Abandon Position on Colton Futures Tax.

SIX AGAINST ENDORSEMENT

Reed and Pomerene Frame Resolution Directing That Agreement Be Sent Back to Committee, but Substitute to O. K. Carries.

Washington, Oct. 2.—Disaffection among Democratic senators, which prevented final action on the tariff bill, was dissipated under the influence of a heated caucus discussion, and the caucus approved the bill as reported by the conference committee of the house and senate. But six Democrats voted against approving the report.

The caucus decided to abandon its position on the bill to tax dealings in cotton futures and to leave the entire subject for later legislative action. Both the amendment of Senator Clark of Alabama, written into the bill by the senate, and the less drastic administration substitute adopted by the house, will be thrown out by the senate Democrats.

After the caucus Senator Simmons said he was confident that the senate would complete its consideration of the tariff bill today. He said a motion would be made first to agree to the conference report and that then he would move to disagree to the Underwood cotton tax amendment, and also to recede from the senate amendment. With the bill thus disposed of by the senate, the house probably would agree to drop the cotton futures tax provision for the present.

Sure None Will Desert.

Chairman Simmons expressed confidence there would be no desertions from the Democrats who voted for the bill on its original passage in the senate when the measure appears today. A resolution proposing to bind the Democrats by the caucus was offered by Senator Lewis of Illinois, but was withdrawn, with the understanding that the binding nature of former tariff caucuses applied to the entire consideration of the tariff bill.

While Senator Simmons expects to finish the bill today, the desire of the Republican and Democratic senators to discuss the provisions of the conference report may delay final action. The caucus battled long and loud over various provisions in the bill arranged by the tariff committee. Chief among these were the tax of $1.10 a gallon on grape brandy used to fortify sweet wines, against which Senator Pomerene of Ohio voiced strenuous protests; the differential between wire rope and wire in completed cables, which, as fixed by the conference, aroused the opposition of Senators Reed of Missouri and Hughes of New Jersey, and the arrangement of a paragraph including cast iron pipe.

Substitute Motion Carries.

Senators Reed and Pomerene framed a resolution directing that the conference report be sent back to the conference committee, with instructions to alter these provisions. Senator Simmons, in charge of the bill, moved as a substitute that the conference report be accepted. His motion was carried by a vote of 33 to 6. Senators Reed, Pomerene, Vardaman, Hollis, O'Gorman and Hughes voted against it.

Senators who supported the Clarke amendment taxing cotton futures expressed strong opposition to the administration substitute and declared they would prefer to allow the entire matter to go over for special legislation rather than accept the Underwood proposition. This plan was finally adopted without a vote.

MILITANTS FIGHT POLICE

Suffragette Leaders Rearrested at London Headquarters.

London, Oct. 2.—A lively scrimmage between the police and the militant suffragists occurred when Miss Harriet Roberts Kerr and Mrs. Beatrice Saunders, secretary and treasurer of the Women's Social and Political union, were rearrested at their headquarters, under the provisions of the "cat and mouse act."

Mrs. Saunders is under sentence of fifteen months' imprisonment and Miss Kerr twelve months for conspiracy. They were liberated in June, after a "hunger strike."

The two women had resumed their duties for the first time since the raid on their offices last April. When the police arrived to arrest them the office staff assaulted the policemen. Four of the young women clerks were arrested for interfering with the police. One policeman's coat was torn to shreds.

Don't Know They Have Appendicitis.

Many Maryville people who have chronic appendictis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. W. Jones, druggist, states if these people will try a single dose of simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the remedy which became famous by curing appendicitis, they will be surprised at the instant benefit. Druggist Shuff at Pickering reports great success there.—Advertisement.
